Keep Away From Children.
While generally safe, some individuals might experience mild scalp irritation.
It's advisable to consult with a professional stylist to assess suitability and minimize risks.

BIO-CREAM TREAT

Enrich With
Maleic Acid & Biotin

Rebuild. Reinforce. Revive

The Bio-cream Treat Is A Next-generation Hair Restoration And Straightening System Powered By Nanotechnology. Unlike Traditional Keratin Or Chemical Straightening, This Treatment Is Formaldehyde-free And Designed To Deeply Repair, Smooth, And Rejuvenate The Hair While Providing Long-lasting Shine And Manageability.

It Works By Infusing Nanoparticles Of Amino Acids, Collagen, Keratin, And Nourishing Oils Into The Hair Cortex. These Active Ingredients Restructure Damaged Fibers From The Inside Out, Seal The Cuticle, And Create A Protective Layer Around The Strand. The Result Is Frizz-free, Silky, And Naturally Straight looking Hair Without Causing Breakage Or Dryness.

DIRECTION

Mixing :

Combination Bio-cream Treat With Impules

Mix The Product In A (1:1 Ratio) 40 ML Bio-cream Treat + 40 ML Impules For Mead Hair Length .

Preparation :

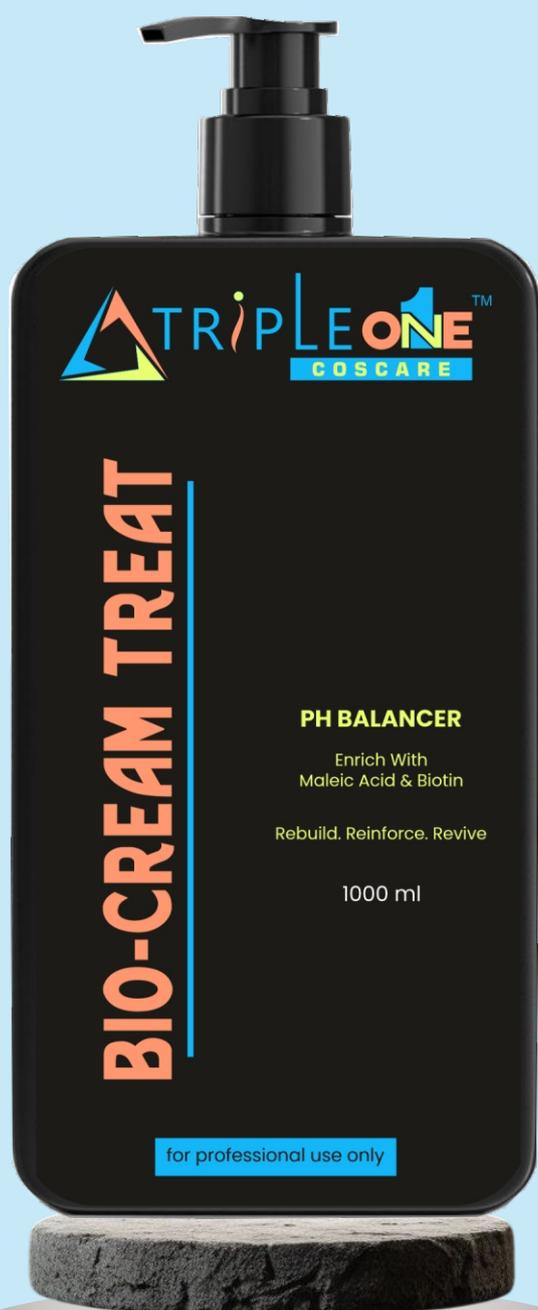

1. Wash Hair With A Detox Shampoo (clarifying Shampoo) 2–3 Times To Open The Cuticles.
2. Towel-dry Until Hair Is About 70–80% Dry.

Application :

1. Divide Hair Into 4–6 Sections.
2. Apply The Mixture Section By Section, Starting 1 Cm Away From The Scalp.
3. Comb Through To Spread Evenly (don't Overload The Strands).
4. cover hair with shower cap and leave it for 35 to 60 minutes (For Damage And Highlight Hair 35 Minutes , For Virgin Hair 45 Minutes & 60 Minutes For Thick And Henna Cotted Hair)

DRY & SEAL

1. Blow-dry Hair To 100% Dry (no Rinsing).
2. Use A Flat Iron (straightener)
 - 190–210 °c For Blonde, Or Damaged Hair.
 - 210–230 °c For Fine Hair Or Virgin Hair.
 - 230–250 °c For Thick Hair Or Henna Coted Hair & Resistant Hair.
3. Pass 12-15 Times Per Thin Section To Seal The Treatment Into The Hair Fiber.
